

DETTAGLI, SOLUZIONI, IDEE PER L'INDUSTRIA CERAMICA

Veggia di Casalgrande (RE) 02.07.2021

Dear Exhibitor,

Our organization is taking part in the “**National trade fair system promotion project**”, which is backed by the Italian Ministry of Economic Development and concerns certification. We have entrusted **ISFCERT srl** (an institute for the certification of trade fair statistics that is accredited by ACCREDIA) with the task of certifying the trade fair data.

During the checking and certification process for trade fair data, if necessary the institute is authorized to contact a sample group of exhibitors to check the surface areas that they occupy, the represented companies that are present, the type of materials on display and the presence of dedicated stand staff.

We have always favoured a transparent approach, so we are writing to ask you to cooperate with the inspectors from the institute if you are selected as part of the sample group. However, please do not let it interfere with your work.

Thank you in advance for your help.

The ALL FOR TILES Management
